

## **Price list for the products of ID-Diamonds bvba**

This price list is valid from **Friday, 16 November 2018**, until and including **Thursday, 22 November 2018** and is based on the latest Rapaport price list (which is the price reference for 99% of all polished diamond trades globally).

### **I The Product – ID-Knoxes**

ID-Knoxes 1 to 3 are delivered in a prestigious case made of black, matt-finished plastic, which incorporates a high-gloss product carrier (magnetic base), a connecting cable, a classy travel case made of full-grained calfskin with a magnet lock and the associated certificates/ reports and declarations. The accordingly equipped case will be shipped in a premium white cardboard box together with the diamond-specific, original GIA/HRD/IGI\*-certificates and the DDI/IGI\*\* assembly certificate for the Knox.

ID-Knox 4 is delivered in a classy travel case made of full-grained calfskin with a magnet lock, which incorporates a high-gloss product carrier (magnetic base), a connecting cable and the associated certificates/reports and declarations. The accordingly equipped case will be shipped in a premium white cardboard box together with the diamond-specific, original GIA/HRD/IGI \*-certificates and the DDI/IGI \*\*- assembly certificate for the Knox.

The scope of deliveries and services includes a data interface to the ID-Diamonds security and information portal, which may be enabled by the customer.

The parcel is delivered to the desired place of delivery as a security package and handed over to the person previously designated by the buyer, against acknowledgement of receipt.

### **ID-Knox 1**

Ten one-carat (1.00 to 1.07 cts.) certified natural polished diamonds with a total weight of approximately 10.40 cts; pairwise same or very similar weight ( $\pm 0.01$  ct.).
